### Cancellation

Wassledine reserves the right to cancel at short notice should events beyond our control make this unavoidable. One reason for a last-minute cancellation is a very poor weather forecast. There is some shelter in our woodland site so light rain and wind is not too problematic, however, the prospect of heavy or prolonged rain or very high winds would mean the event could become unsafe or at least not enjoyable. If this occurs, a decision will be made 24-36 hours before the course and a full refund fee will be made.

For participants cancelling - a full refund will be made providing more than 14 days’ notice is given. For cancellations of less than 14 days’ notice a 50% refund will be made. For cancellations within 7 days no refund will be made.
